## NABC RECYCLED RIDES®

NABC Recycled Rides® works with insurance and rental car companies to provide vehicles to collision repair shops who donate reliable transportation to individuals and service organizations in need.

Since 2007, through the NABC Recycled Rides® program, NABC® members:

- Gifted more than 3,200 vehicles to people in need
- Delivered some \$46 million in vehicle value at giftings
- That's thousands of lives impacted –thanks to our members' support!

## OUR EVENTS IN 2023

NABC Recycled Rides® will present more than 200 vehicles to families, military members and veterans across the country!

THIS YEAR WE WILL IMPACT **MORE THAN 1,500 LIVES**

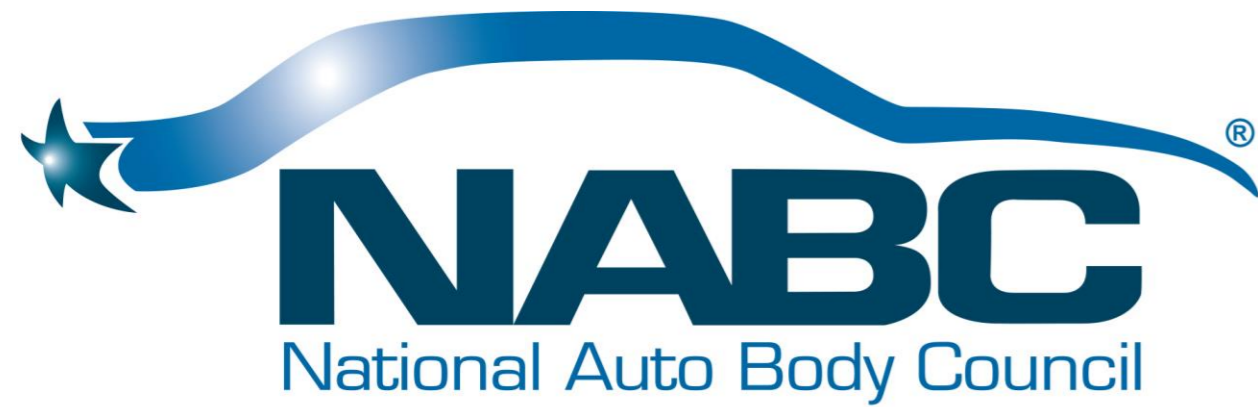

## NABC® SUPPORTS VETERANS

NABC Recycled Rides® donates some 75 percent of its vehicles to veterans and military service organizations.

**TOGETHER WITH OUR MEMBERS, WE HAVE PRESENTED  
NEARLY 2,500 CARS TO VETERANS IN NEED.**

EMERGENCY EXTRICATION™**

# NABC F.R.E.E.™ PROGRAM

The NABC First Responder Emergency Extrication (F.R.E.E.™) program provides advanced education and guidance to help first responders practice cutting techniques on advanced vehicles, addressing high-strength steel and composite materials, multiple airbags, onboard technology and changing vehicle design.

Through the program, NABC® and its members have helped educate more than 5,500 first responders on how to cut and extricate from today's advanced vehicles and saving lives in these communities.

# NABC® AWARDS

- **The 2023 NABC® President's Award** formally recognizes the NABC member company that supports the vision of the National Auto Body Council through donation of their time and resources. GEICO was selected by the NABC Board of Directors for its ongoing, strong support of the NABC and its programs, including milestones such as donating more than 800 vehicles to NABC Recycled Rides®, contributing some 75 vehicles to NABC First Responder Emergency Extrication (F.R.E.E.™) training, providing support for NABC® fundraising events, serving on various NABC® committees.
- **THE 2023 NABC® CHANGING AND SAVING LIVES AWARD** recognizes the individual in the collision repair industry that has delivered exemplary service in the NABC® mission of Changing and Saving Lives Every Day. For 2023, this award was presented to Shawn Crozat, whose philanthropy and commitment to his community is exemplary. The Crozat Family has been involved in NABC Recycled Rides® for years and has gifted more than 200 vehicles to families in need. The Crozat Foundation, founded by Shawn's father Gene, has given back extensively in the community to help those in need. What started as a 'Car-A-Month Giveaway' on various local radio stations has grown into a foundation that provides support to the individuals and families they meet through the car giveaways. Shawn Crozat and his family hope to help the recipients get back on the road of life, giving a reliable ride and additional support to those who have fallen upon misfortune or endured catastrophic, unforeseen events. They strive to help create success where failure may have seemed inevitable.

The winner of the 2023 NABC® Changing and Saving Lives Awards was announced at the 2023 SEMA Show!

The Inaugural NABC® Gala will celebrate the collective accomplishments of the NABC® members, honor the NABC® President's Award recipient and raise funds for the Changing and Saving Lives Foundation to continue serving veterans, military members, families in need and first responders in communities across the country. Guests will have an opportunity to enjoy a fun-filled trip to sunny Orlando for golf, poolside events and family activities, along with networking, camaraderie and, most importantly, supporting a great cause. Donations to and sponsorship of the event are tax-deductible. Learn more at [www.NABCgala.org](http://www.NABCgala.org)

## Changing and Saving Lives Foundation

# INTRODUCING THE CHANGING AND SAVING LIVES FOUNDATION

The Changing and Saving Lives Foundation, a 501c3 organization, was founded in 2023 to provide support and assistance to families in need, military members, veterans and first responders. We deliver this through programs such as NABC Recycled Rides<sup>®</sup>, NABC First Responder Emergency Extrication (F.R.E.E.<sup>™</sup>) and NABC<sup>®</sup> Community Impact programs. The Changing and Saving Lives Foundation evolved from the National Auto Body Council, which was founded in 1995 as a trade association to serve the collision repair industry. The National Auto Body Council<sup>®</sup> will continue to serve the collision repair industry as the premiere organization and will be the parent organization for the Changing and Saving Lives Foundation. Our fundraising initiatives and our key programs for families in need, veterans, military members and first responders will be housed under the foundation. Our other initiatives will remain under the 501(c)6.

**Our Vision:** Driving change for veterans, military members, first responders and families in need

**Our Mission:** Harnessing the power of the collective membership of the collision repair industry to positively impact communities where we live and work

**Our Mantra:** Changing and Saving Lives Every Day
